

Optional MapSend Software

Expand the mapping capabilities of your eXplorist 210, 400, 500, 600 or XL for your outdoor, driving and marine adventures.

MapSend® Topo

Highly detailed topographic map shows elevation contours, waterway and terrain features as well as the location of parks, restaurants, historical sites, services and much more on your PC and/or your Magellan eXplorist. U.S.A., Canada, Great Britain, Germany, Norway, Finland. More countries will be available in the coming months.

MapSend DirectRoute™

Get turn-by-turn street guidance on your Magellan eXplorist! Select an address or point of interest (POI) and automated street routing provides clear visual and audio* prompts for every turn.

*Audio not available on the eXplorist 210

MapSend WorldWide Basemap

Expand your built-in basemap to include any region from around the globe. Perfect for navigating major roads and highways when traveling abroad, the WorldWide Basemap includes locations for airports, ATMs, hotels, food, gas and more.

MapSend BlueNav™ XL3 Charts

Add marine navigation charts to your eXplorist 400, 500, 600 or XL for your boating & fishing adventures. The most detailed marine cartography available, BlueNav XL3 charts provide enhanced navigation information including currents, tides port services and much more.

MapSend International Software

Many other MapSend titles are available. Please visit www.magellanGPS.com for more information.

Your eXplorist GPS Adventure

Hiking

Your track is automatically stored as you hike through the wilderness. Select Back Track any time and you will be guided back to your camp or car.

Biking

Add topographic maps to the available built-in memory or SD card of your eXplorist 210, 400, 500, 600 or XL to view changes in elevation on the path ahead.

Driving

By adding MapSend DirectRoute software to your eXplorist 210, 400, 500, 600 or XL you get turn-by-turn driving directions. Easily find cities, parks, airports and more.

Boating

Rugged and water-resistant. Add a swivel mount to hold it securely to your craft.

Camping

Mark your camp with the touch of a single button to easily find your way back no matter where your eXplorist and the day's adventure take you.

eXplorist™ Family

Handheld GPS

Simple, yet powerful, Magellan® eXplorist delivers real GPS that fits in your pocket.

eXplorist Series Features

Maximum accuracy and reliability

Know your position to within 3 meters. TrueFix™ technology tracks up to 14 Global Positioning Satellites (GPS) with 2 dedicated for WAAS and EGNOS.

Simple menus and buttons

Access key features with a single button and scroll through simple menus with the easy-to-use joystick.

Easy-to-read screens

Large customizable screens clearly display GPS information. Zoom and backlight make it easy-to-view, even at night.

Rugged compact design

Tough rubber-armored plastic is impact and water-resistant, so your eXplorist is ready for any adventure on the trail, on the road or on the water. It fits in your pocket so you can take it with you anywhere.

No sign-up or access fees, ever!

eXplorist 100
